## AUTHORIZED Service Center

FOR CENTRIFUGAL BLOWER PARTS, SERVICE & REPAIR

Restore performance and efficiency, maintain reliability and lower total cost of ownership with OEM quality parts, factory trained technicians, and over a century of engineering, design and manufacturing expertise that you can only get from HOFFMAN® & LAMSON®.

We offer an extensive network of HOFFMAN & LAMSON Authorized Service Centers and regionally located field service technicians who provide services for installation, start up, preventative maintenance, repairs, rebuilds and troubleshooting of your centrifugal blowers and systems. Our team of skilled, experienced technicians are factory trained and work with current OEM drawings and authentic OEM parts to repair your blower to original factory specifications.

For the quality, reliability, and performance you expect and your operation demands, you need HOFFMAN & LAMSON.

Demanding industrial processes require equipment that can stand up to the task, but even the most durable equipment requires routine maintenance and occasional service and repair to maintain reliable and efficient performance.

When you need service you need it fast – and you need it to last. Don't risk it with generic parts, unexperienced repair shops, and untrained technicians.

Our certified team of factory trained technicians, certified service centers, and available inventory of OEM parts deliver quality, long lasting repairs lowering your total cost of ownership and returning unit to service as quickly as possible.

Some companies claim to offer service for our products, but only we certify it. Protect your investment. Insist on OEM parts and CERTIFIED service for your HOFFMAN & LAMSON equipment.

Our level of service is unparalleled. Our pricing is competitive. And performance is GUARANTEED.
